Teacher Tutorial
by Sutori

5. No separador Students pode convidar os seus alunos.

The screenshot shows the Sutori interface with the 'Students' tab selected. The top navigation bar includes 'Stories', 'Students', and 'Resources'. A green progress bar and a 'PS' icon are visible in the top right. The main content area is titled 'Students' and features a large blue 'Invite students' button. To the right of the button, under the heading 'Why invite students?', there is a list of three bullet points: 'Access student work at any time and provide feedback', 'Stats: quiz results and time spent on projects', and 'Grants Unlimited access to students if you upgrade'.

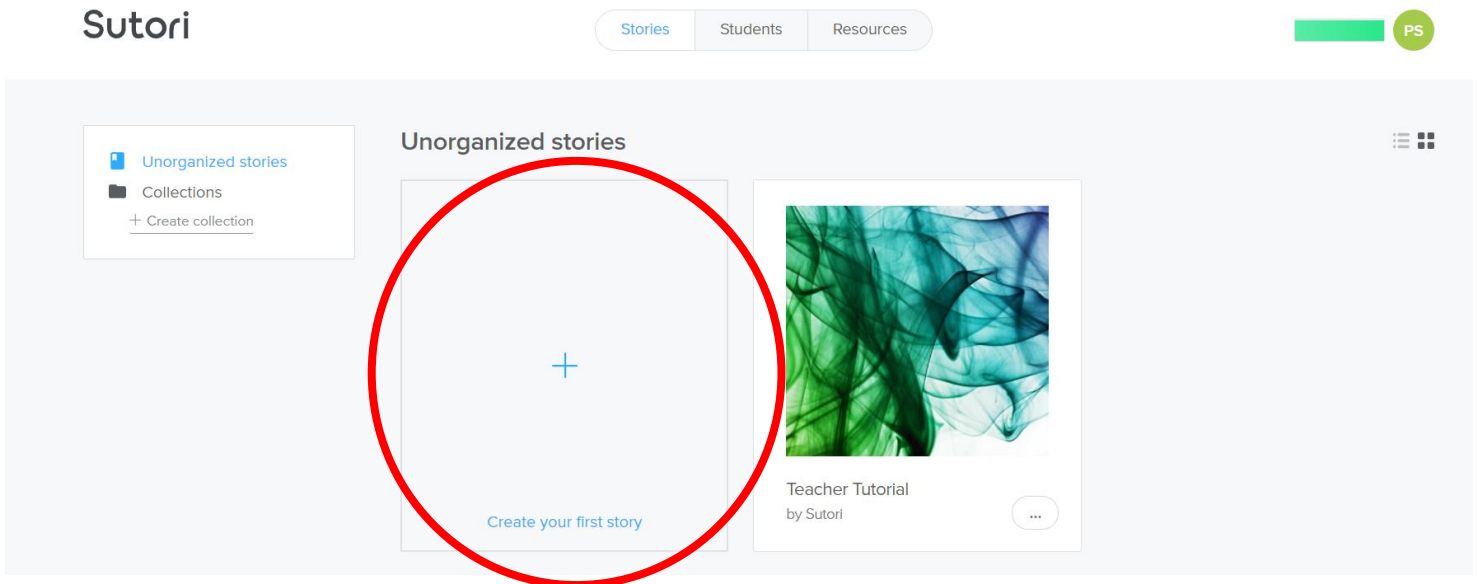

6. No separador Resources, pode pesquisar outras experiências de aprendizagem.

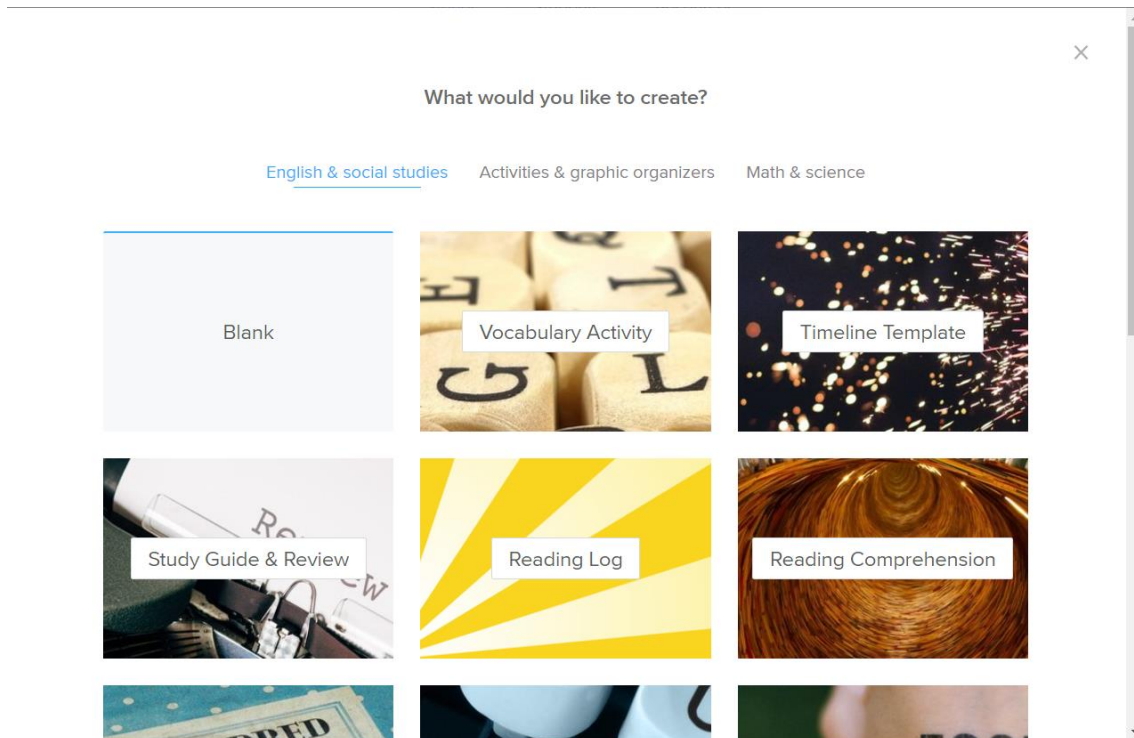

The screenshot shows the Sutori interface with the 'Resources' tab selected. The top navigation bar includes 'Stories', 'Students', and 'Resources'. A green progress bar and a 'PS' icon are visible in the top right. The main content area is titled 'Resources' and features a sub-section 'Editor's Picks'. Below this, the heading 'Guiding Packs' is displayed. A horizontal row of category buttons is shown, with 'Social Studies' highlighted in blue. Other categories include 'English', 'Mathematics', 'Science', 'Arts, Music, Languages...', 'Elementary', 'Higher Education', and 'Activities & Templates'. Below the category buttons, there is a large image of a wooden surface with a white banner that says 'EXPLORE' and an arrow pointing to the right.

Criar apresentações

7. Clique no ícone +, para começar.

8. Na janela que surge, selecione o tipo de apresentação que pretende

9. Coloque um Título para o seu projeto
